COMPLETION OF THE BOILER REFURBISHMENT PROJECT AND COMMENCEMENT OF CIVIL WORKS FOR THE COENZYME Q10 PROJECT

This announcement is made by Global Bio-chem Technology Group Company Limited (the "**Company**", together with its subsidiaries, the "**Group**") on a voluntary basis to keep the shareholders and potential investors of the Company informed of the latest business developments of the Group.

Reference is made to (i) the announcement of the Company dated 31 July 2025 (the "**Boiler EPC Announcement**") in relation to the entering into of the EPC contract for the Boiler Refurbishment Project; and (ii) the announcement of the Company dated 8 May 2026 (the "**Coenzyme Q10 Announcement**") in relation to the cooperation agreement entered into between Dacheng Dahe, an indirect wholly-owned subsidiary of the Company and Shenzhou Biology & Technology Co., Ltd.*, (神舟生物科技有限責任公司) ("**Shenzhou Bio-tech**") for the production of coenzyme Q10 mycelium (the "**Coenzyme Q10 Project**"). Terms defined in the Boiler EPC Announcement and the Coenzyme Q10 Announcement shall, unless the context otherwise requires, have the same meaning when used herein.

The board (the "**Board**") of directors (the "**Directors**") of the Company is pleased to announce that on 31 August 2026, the completion and ignition ceremony for the Boiler Refurbishment Project and the official commencement of civil construction works for the Coenzyme Q10 Project was successfully held at the Group's Dehui production site in Jilin Province of the People's Republic of China. Representatives from the local government authorities, Jilin Agricultural Investment Group Co., Ltd.* (吉林省農業投資集團有限公司), project construction contractors, as well as various supporting financial institutions, including Shanghai Pudong Development Bank Changchun Branch, Jilin Rural Commercial Bank Changchun Regional Sub-branch, Bank of Jilin Changchun Branch, China Everbright Bank Changchun Sub-branch, and Industrial Bank Economic and Technological Development Zone Sub-branch, were invited to attend the ceremony and witnessed the official commissioning of the refurbished and upgraded boilers and the commencement of the civil construction works for the Coenzyme Q10 project.

As disclosed in the Boiler EPC Announcement, the Boiler Refurbishment Project represents the Group's flagship initiative, showcasing the deployment of high-temperature/high-pressure and ultra-high-temperature/ultra-high-pressure boilers in the Group's Dehui production site. Designed to achieve greater energy cost-efficiency while supporting the Group's overall sustainable development, the successful completion and official commissioning of the Boiler Refurbishment Project is expected to significantly optimize operational efficiency, strengthen cost competitiveness, and lay a solid foundation for the Group's long-term growth.

In addition, civil construction works for the Coenzyme Q10 Project at the Dehui production site officially commenced on 31 August 2026. The implementation of the Coenzyme Q10 Project marks a significant milestone in the Group's entry into the synthetic biology sector and its expansion into the healthcare and medical application markets. Upon full completion and commercial operation, the project will refine the Group's business layout, enhance operating efficiency, and drive high-quality growth across business segments. Furthermore, it will support the strategic shifting of the Group's product portfolio toward higher-margin bio-fermentation products, enabling the Group to better navigate market volatility and maintain long-term stability.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the securities of the Company. Further announcement(s) will be made by the Company as and when appropriate in accordance with the Listing Rules.

By order of the Board
Global Bio-chem Technology Group Company Limited
Xiao Zexian
Chairman

Hong Kong, 2 September 2026

As at the date of this announcement, the Board comprises two executive Directors, namely, Mr. Xiao Zexian and Mr. Sha Yufeng; one non-executive Director, namely, Mr. Li Yuewen; and three independent non-executive Directors, namely, Ms. Jiang Fangfang, Mr. Tan Chao and Ms. Xie Liangqiu.
